

2022-2023 Marmarth Elementary School Continuous Improvement Plan

Marmarth Elementary School

Vision

Enhance positive self-esteem, promote respectful & caring individuals, and create an engaged and personalized environment.

Mission

Educate all students to the best of their ability, prepare them for the future, and become independent learners.

Beliefs

We believe all students can learn given equal opportunities. It is our responsibility to prepare students for the future and provide a safe and secure learning environment.

Technology Learning

- Objectives**
- Provide students and staff with effective learning experiences that require the use of technology.

- Critical Initiatives**
- Create grade appropriate technology curriculum aligned with standards.
 - Provide professional development with effective technology activities for students.

Key Measures

- Classroom observations.
- Performance on projects and activities.
- Teacher and student feedback.

Student Engagement

- Objectives**
- Provide more active, personalized learning opportunities to increase student engagement.

- Critical Initiatives**
- Provide professional learning sessions on effective activities and student engagement strategies.
 - Staff collaboration to enhance student engagement.

Key Measures

- Staff observations.
- Student performance on projects and activities.
- Student engagement survey

Personalized Learning

- Objectives**
- Provide active, personalized learning opportunities to enhance next level readiness.

- Critical Initiatives**
- Invest in curriculum materials that promote personalized learning.
 - Gather and analyze data on students' needs.

Key Measures

- Observations of recorded findings.
- Evaluate curriculum.
- Staff feedback.
